## Testimonial

CLIENT: SOUTHAMPTON FOOTBALL CLUB

“I have known EPP over the past 4 years and I have been impressed with their unique understanding of the market advising owners and senior executives how to approach the performance side of their clubs.”

“They have a proven track record in the game and are the only choice we consider when looking for specialist advice and support on performance and senior leadership roles. David and his team have proved over the past few years that there is an absolute value in getting specialist help in the performance area, one that is traditionally influenced by emotion in a short term way.

They offer a unique insight into the performance market, both in football and outside which has enabled us to find the best people in the performance world and bring them to the club. I would recommend any owner, board or senior executive team to use their expertise in the future.”

Les Reed – Vice Chairman Director of Football at Southampton FC
